**Directions:**

1. Fold the sheet in half along the dotted line. Cut along the dotted lines horizontally.
2. Write a prefix or a suffix on the top half of each box.
3. On the bottom half, draw an example of a word that uses the affix.
4. On the inside, write the definition of the prefix or suffix and additional examples of words that use it.

Four sets of writing boxes for student work. Each set consists of a top half for writing a prefix or suffix and a bottom half for drawing an example of a word that uses the affix. The boxes are separated by horizontal dotted lines and a vertical dashed line on the left.
